

**BENVENUTI A SAN TEODORO -
WELCOME TO SUNANDBASS!**

From a Sardinian student summer job back in 2003 when we started setting up small beach parties with local music lovers to being referred to as one of the most recognized events in the international Drum&Bass scene... It has been a crazy journey for us so far and it still is sometimes just unbelievable what this festival we call SUNANDBASS has turned into. This event belongs to all of you who are continuously helping us to make this happen with your ongoing support and never-ending enthusiasm. It fills us with joy and pride to once again welcome you for another unforgettable week ahead of us! Sharing the passion for good music and a great party, enjoying quality time with current and future friends in one of the most amazing places in Europe.

As you can see we have put together a massive line up to make this week another one to remember! This program gives you a good overview on what's happening throughout your stay with us on Sardinia. Please reach out to the SUNANDBASS-crew if you have any questions, they will be more than happy to help you.

If you have been here before you will already know that we ask all of you to respect the locals and make sure we leave a good impression. Remember, we are all guests at this beautiful place and it's up to all of us to make sure we are always welcomed back next year. Keep the beaches clean!
